Login Screen

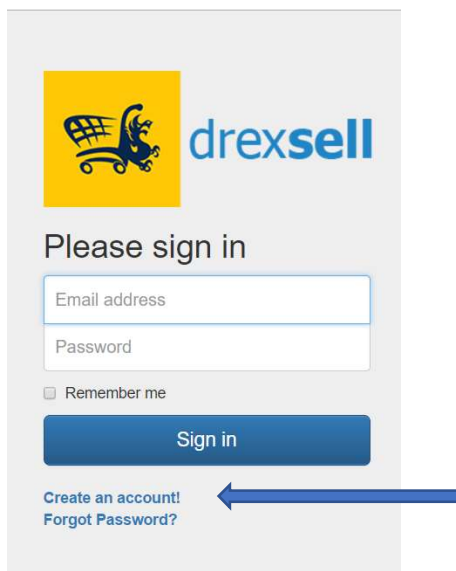

Welcome to the Drexsell mobile application! First time users will be greeted by the following screen:

The screenshot shows the Drexsell mobile application login screen. At the top, there is a green header with the word "Drexsell" and a menu icon. Below the header is the Drexsell logo, which consists of a yellow square with a black shopping cart icon and the word "drexsell" in blue. The main content area is titled "Please sign in" and contains two input fields: "Email address" and "Password". Below these fields is a checkbox labeled "Remember me". A blue button labeled "Sign in" is positioned below the checkbox. At the bottom of the form, there are two links: "Create an account!" and "Forgot Password?".

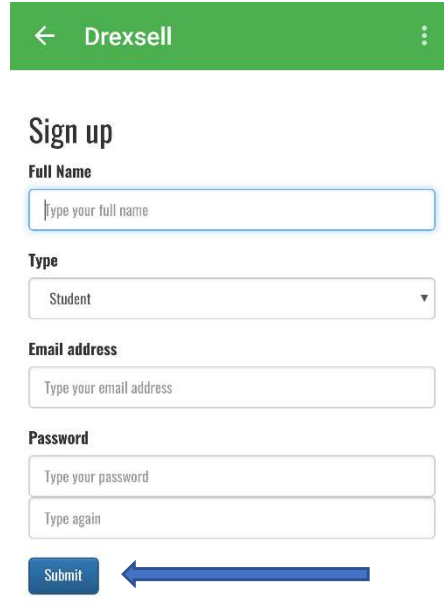

To proceed to the market screen, it will be necessary to sign-up for an account. To create an account, complete the following steps:

- 1. Click on the “Create an Account” link.**

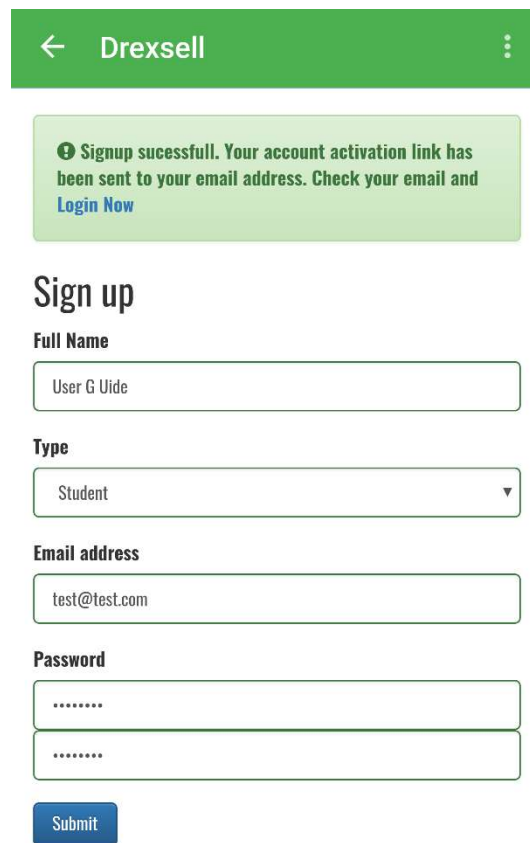

This screenshot is identical to the one above, showing the Drexsell mobile application login screen. However, a blue arrow points from the right side of the screen to the "Create an account!" link at the bottom of the form.

2. On the next screen, enter the required information, then click submit.

The screenshot shows a mobile application interface for Drexell. At the top is a green header with a back arrow, the text "Drexell", and a three-dot menu icon. Below the header is the "Sign up" section. It contains four main input areas: "Full Name" with a text box containing the placeholder "type your full name"; "Type" with a dropdown menu currently set to "Student"; "Email address" with a text box containing the placeholder "Type your email address"; and "Password" with two stacked text boxes, the top one containing "Type your password" and the bottom one containing "Type again". At the bottom left of the form is a blue "Submit" button, with a blue arrow pointing to it from the right.

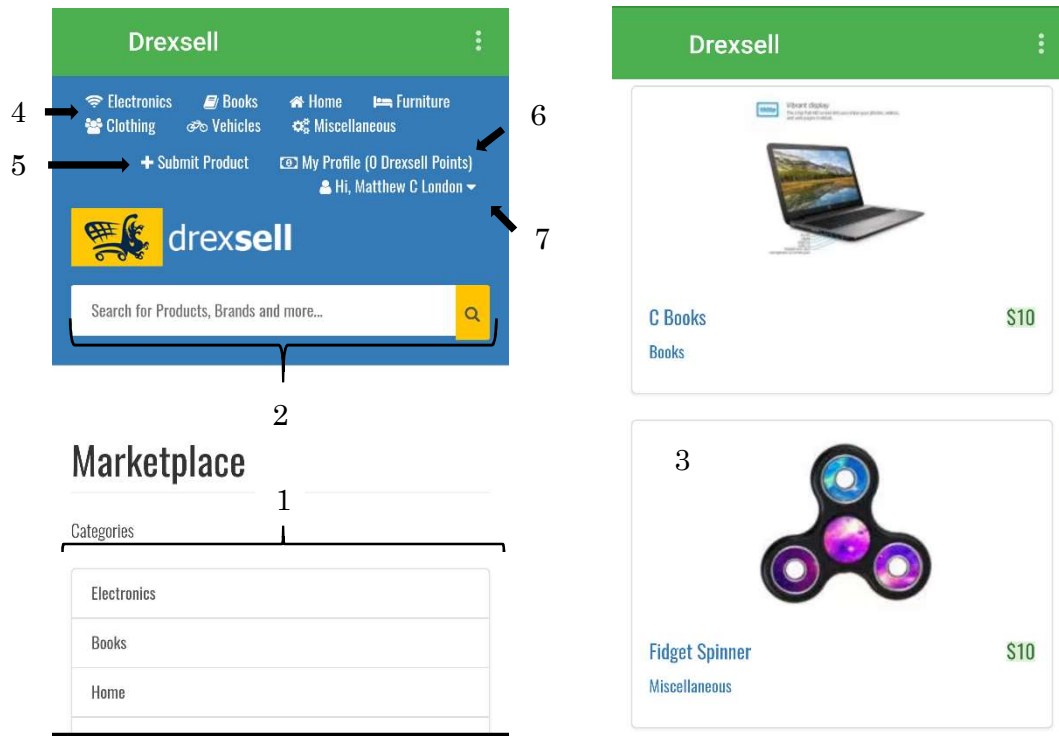

3. The following message will be displayed, and then the account email address will need to be verified. This completes the sign-up process.

The screenshot shows the same Drexell sign-up form as above, but with a success message displayed. The message is in a light green box with a checkmark icon and reads: "Signup successfull. Your account activation link has been sent to your email address. Check your email and [Login Now](#)". Below the message, the form fields are populated: "Full Name" is "User G Uide", "Type" is "Student", "Email address" is "test@test.com", and the "Password" fields contain ".....". The blue "Submit" button is now visible at the bottom left of the form.

The Marketplace Screen

Users on the home screen can expect to see the following screen:

Each item on the screen will be explained in the following section, with the numbers in front of each item referencing the numbered items on the above image.

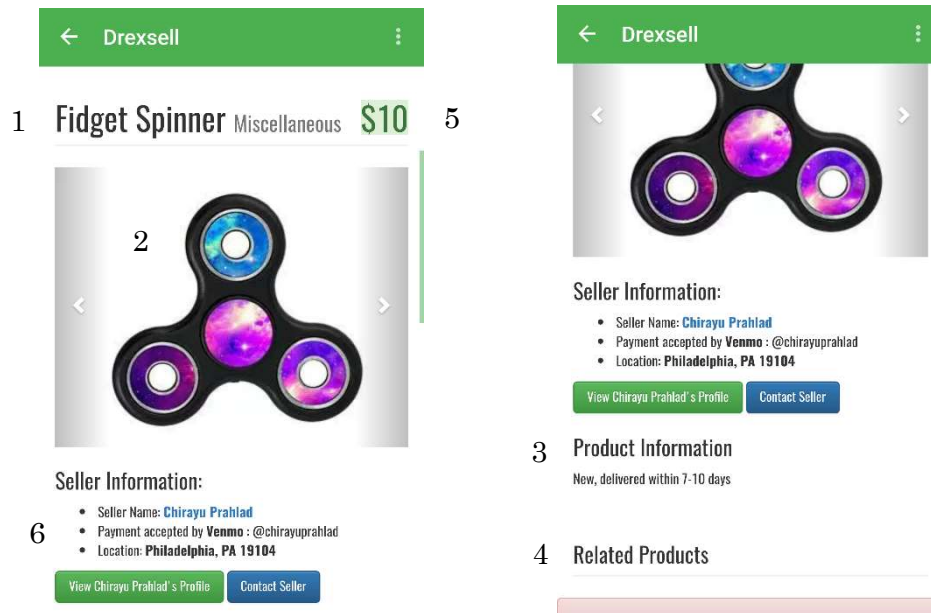

1. This is the categories listing. Users will be able to view items that belong to a specific category by left-clicking on the box with the category name.
2. This is the search bar. Users will be able to search for specific categories by entering a word or phrase into the search bar and clicking on the magnifying glass.
3. This is a listing for an item. Each item will be displayed with an item name, a category name, and a picture. Left-click on the item

to see more information about the item and the seller. (This screen is explained in greater detail in the Individual Item Section.)

4. This is another method to access all of the categories. Click on any section to view the items that belong to that category.
5. This button will allow the user to submit an item to be sold. (Posting an item is explained in detail in the Posting an Item Section).
6. This is the user's profile button. Left-clicking this button will lead to the user's profile screen, displaying the information that was provided by the user. Additionally, a user will be able to see all of their active products and their past products.
7. This button will allow users to view items that they have for sale, will allow them to change their password, and will allow them to sign out of the website.

Individual Item Screen

Upon clicking on an individual item screen, users will see a screen that is similar to the following image:

Each item on the screen will be explained in the following section, with the numbers in front of each item referencing the numbered items on the above image.

1. The name of the product is listed first, followed by the category that it is listed in.
2. Images of the item will be displayed in this area. If there is more than one image available, a user will be able to cycle through the picture by clicking on the left or right arrows.
3. Product information that is provided by the seller will be displayed in this section.
4. Related products will be listed in this area. Clicking on an item will bring the user to its screen.
5. Shows the dollar amount that the seller is requesting for the item.
6. The seller information section. A user will be able to access the sellers profile, and contact the seller by clicking on each button.

How to Post an Item

The user will begin the process by clicking on the Submit Product button on the Marketplace Screen.

The user will then see the Product Submission Screen:

The user will enter a product name in the textbox labeled Product Name, list a price for the item, indicate a preferred payment method, choose a category from a drop-down menu, add pictures of the product, and finally post a description of the product in the large textbox provided.

Finally, the user will click the submit button to post the item to the website.

Resetting Account Password

In order to reset a password, a user will need to hover the mouse cursor over the username display in the top-right corner.

The user will then see the following screen:

Change Password

Password

On this screen, the user will type in their new password and will type it a second time to verify the input.

After clicking the submit button, the following screen will be displayed, indicating that the password has successfully been changed:

Your password reset link has been send to your email address! Check your email and [Login Now](#)
